

Editorial Policy

The journal *Rendiconti dell'Istituto di Matematica dell'Università di Trieste* publishes original articles in all areas of mathematics. Special regard is given to research papers, but attractive expository papers may also be considered for publication.

The journal usually appears in one issue per year. Additional issues may however be published. In particular, the Managing Editors may consider the publication of supplementary volumes related to some special events, like conferences, workshops, and advanced schools.

All submitted papers will be refereed. Manuscripts are accepted for review with the understanding that the work has not been published before and is not under consideration for publication elsewhere.

The journal can be obtained by exchange agreements with other similar journals.
